Career Objective

Aspiring Electrical Engineer with practical experience in engine assembly, motor testing, and automated EV systems, aiming to leverage technical and problem-solving skills in a growth-oriented organization.

Academic Details

Course / Degree	School / University	Grade	Year
B.Tech in Electrical & Computer Engineering	Adarsh Institute of Technology and Research Centre, Vita	Pursuing	2026
Diploma in Electrical Engineering	Walchand College of Engineering, Sangli	76.56 %	2022
SSC	Adarsh Shikshan Mandir, Miraj	77 %	2019

Internships

1) **AG Electro Services, Karad** **10/01/2025 – 10/02/2025**
   - Assisted in motor manufacturing, assembly, and performance testing operations.
   - Conducted basic electrical testing including insulation checks and continuity tests.
   - Supported fault identification and troubleshooting of motor-related issues.
   - Observed quality inspection procedures and gained knowledge of industrial testing standards.
2) **RacksonsIT Developers Pvt. Ltd. Pune** **11/07/2024 – 11/08/2024**
   - Worked on basic data analysis and visualization using Python.
   - Applied libraries such as NumPy and Pandas for data processing.
   - Learned fundamental concepts of machine learning algorithms.
   - Assisted in preparing reports and interpreting analytical results.
3) **Anand Techno Creations, Satara** **05/08/2021 – 23/09/2021**
   - Developed IoT-based mini projects using Arduino and industry-grade microcontrollers.
   - Performed sensor interfacing and real-time data communication.
   - Assisted in programming embedded systems for automation applications.
   - Gained practical exposure to hardware integration and debugging techniques.

Professional Summary

Tata Cummins Pvt. Ltd. Phaltan
Diploma Engineer Trainee (DET)
Department: Engine Assembly & Testing
Aug 2022 – Aug 2023

- Worked in engine assembly line operations, ensuring adherence to standard operating procedures (SOPs).
- Performed functional testing and inspection of engine components before final dispatch.
- Followed TBWS production system to maintain workflow efficiency and reduce process variation.
- Maintained 5S discipline and ensured safety compliance on the shop floor.
- Identified and closed two FIFI (Find It Fix It) improvement cases per month.
- Assisted in root cause analysis for minor production and quality issues.
- Coordinated with quality and maintenance teams to minimize downtime.
- Contributed to continuous improvement initiatives to enhance productivity and reduce waste.

Academic Projects

Automatic Battery Swapping Station for Electric Vehicle
(B.Tech Mega Project – Ongoing)

- Designed and developed an automated battery swapping prototype using Arduino-based control system.
- Implemented stepper motors and sensor-based positioning for precise battery replacement.
- Integrated voltage sensing and safety mechanisms to ensure reliable battery detection and swapping.
- Reduced battery replacement time significantly compared to conventional charging methods.

Smart Irrigation System
(B.Tech Mini Project – Completed)

- Developed an automated irrigation system using soil moisture sensors.
- Programmed microcontroller to control water pump based on moisture level.
- Reduced water wastage through sensor-based decision making.
- Demonstrated efficient low-cost automation for agricultural applications.

BLDC Motor Speed Control with RPM Display
(Polytechnic Capstone Project – Completed)

- Designed a PWM-based speed control system for a BLDC motor.
- Implemented real-time RPM measurement using sensor feedback.
- Displayed speed data on LCD for accurate monitoring and control.
- Improved speed regulation accuracy through closed-loop feedback mechanism

Skills

- Motor Assembly and Testing.
- Industrial Production System (5S, TBWS, FIFI).
- PLC basic and Ladder Logic
- IoT systems and Microcontrollers.
- Basic Python
- Leadership and Responsibility Handling.
- Adaptability to Shift work.
- Problem-Solving approach

Hobbies

- Learning new technologies
- Watching educational video
- Improving communication skills
- Playing cricket
- Listening to music
- Travelling

Declaration

I hereby declare that the information provided above is accurate and true to the best of my knowledge and I take full responsibility for its correctness.
